

Dear Hiring Manager,

I am excited to apply for the **Software Developer 1** position at **Oracle, Bengaluru**. As a **result-oriented technocrat with expertise in Full-Stack Web Development, JavaScript Development, MERN Stack Development, and Python Development**, I am eager to bring my technical skills and problem-solving abilities to Oracle's innovative team.

Currently pursuing a **Master of Computer Applications (MCA) from SRM University (Graduating in 2025)**, I have hands-on experience in developing and deploying dynamic web applications. My expertise spans **Java, SQL, Node.js, Express.js, React.js, and MongoDB**, along with proficiency in **authentication, authorization, and API integration**.

My professional experience includes a **Web Development Internship at Plasmid**, where I delivered responsive and user-friendly web solutions, earning a **Certificate of Industrial Training and a Letter of Recommendation**. Additionally, I have worked on several real-world projects, including:

- **Zenith Solutionz - Company Portfolio Website (MERN Stack):** Developed an engaging portfolio website integrating Nodemailer for direct client communication.
- **Vjs Mukyaprana Study Zone - Tuition Management System (MERN Stack):** Implemented admin and student functionalities, integrating Twilio API for automated attendance notifications.

Beyond technical expertise, I am passionate about **problem-solving, logical reasoning, and adaptability**, all of which align with Oracle's culture of innovation and excellence. I am confident that my background in **software engineering and full-stack development** makes me a strong candidate for this role.

I welcome the opportunity to discuss how my skills and experiences can contribute to Oracle. Thank you for your time and consideration. I look forward to the possibility of joining your esteemed team.

Best regards,

Naveen M
